Description	Give a brief description of the policy issue including, if known, what policies or regulations you would like to see changed.
	<ol style="list-style-type: none"> 1. Review and propose revisions to LMC Chapter 2.56 Civil Service Commission. 2. Draft proposed code for the Building Board of Appeals.
Goal	What do you hope this change will achieve? What is the goal or intent for making this change?
	These are the final two boards and commissions to review and propose code changes to, in order to provide administrative efficiency and consistency. Currently the code for the Building Board of Appeals is adopted as part of the International Building Code and is not specific to the needs of Langley. There is a need to develop a Langley specific code for this board.

Please submit your completed form to one of the following Policy Process Coordinators by email, dropping it off at Langley city hall during business hours, or via mail (City of Langley, PO Box 366, Langley, WA 98260):

- **Larry Cort**, Director of Community Planning (landuse@langleywa.org),
- **Debbie Mahler**, Clerk/Treasurer (clerk@langleywa.org), or
- Chair of the Planning Advisory Board (currently vacant)

Thank you for suggesting this policy change! Suggestions are reviewed by the Policy Process Coordination team on a regular basis and brought to a council meeting with a priority and work assignment recommendation.
