**AUDIENCE INPUT**

Mary Elizabeth Rosenberg discussed proposed improvements to Mike's Place on the corner of Anthes and First Street. The plans include new signage, window canopies and creating two distinct businesses in the building, a Parisian Café in the front and a retro diner in the back. Jeff Arango reviewed the materials that were submitted and his determination that it did not constitute a complete application and therefore was not placed on the agenda for consideration tonight. The DRB agreed that more detail and information on the exterior design modifications were needed including design graphics that showed how the proposed modifications would look from the street.

The meeting adjourned at 6:50.
