MEMORANDUM

To: Mayor McCarthy, Town Council
From: Stan Berryman Public Works Director
Date: August 4, 2015
RE: Six Year Trans Improvement Program

This report presents the 2015 Six Year Transportation Improvement Program (TIP) for public hearing, Council consideration, and approval. The City updates the Six Year TIP annually as required by State law. Only projects included in the TIP are eligible for federal grant funding (and also meet additional threshold standards). For example, to be eligible for federal funds, roads must be functionally classified as at least a rural minor collector.

The projects this year have been amended as revised, eliminating projects from past TIP’s that have been completed and adding shoulder widening for increased multi mobility on minor collector streets.

State Laws require the TIP to be adopted and submitted prior to the end of July. Staff has been in contact with the Island County Transportation Planner responsible for working with WSDOT to develop the TIP. He has stated there will be no adverse effect with the Council adopting the TIP with a public hearing at the August 4 meeting.

The TIP may also be amended at any time during the year.

Staff recommendation is to pass the resolution on the Six Year TIP and second reading and public hearing on August 4th.
