

Cemetery Board Meeting
May 28, 2013

Present: Marilyn Strong, Marilyn Helsel, Cary Peterson, & Debbie Mahler (for part of meeting)

Minutes from last meeting - approved

Questions about where Scott Nielsen is buried. He should be F197.
Makia MacLemore and Jim Martin is the one in the green burial section, but maybe the heron and bench are outside that grave.

Update on road: City gave the go-ahead to move the easement to the east.

Marilyn Helsel will spiff up the kiosk, and replenish brochures.

No updates on leaky water pipe, and mower price.
Maybe a board member can research the mower price, inputting the model, year and condition.

Request by someone who lives off-island half the year to serve on the cemetery board. We discussed this, and the times he is here are the summer, and gone in the winter. General consensus was that skyping in for meetings would be difficult, but let's invite him to the June meeting to talk about it.

Marilyn Helsel will edit a letter to the editor thanking the Friends for their work, and acknowledging the new garbage huts that the Friends funded and built.

Next meeting is Tuesday, June 25th.
